Perfect Attendance: The following students have maintained perfect attendance this entire school year. As an award for this great achievement, kindergarten students received gym uniforms and 8th grade June graduates received a monetary gift. Students in grades 1-7 had an opportunity to join us on our anual (big fun) attendance picnic. A special thank you to the parents who joined us for this event, we truly appreciate your time and school spirit.

Garfield Ridge Library Summer Reading Program- “Explorers at Play” (June 24-Aug.17)

All are encouraged to participate. Contact the library for a list of fun summer events and activities. 312-747-6094.

Reminder: Tdap Immunization Requirements and Physical Examinations

According to CPS policy, students who will be in grades K, 6, and 9 next year must have a new physical examination. Forms are available in the school office on request. Additionally, all students entering grades 6 and 9 are required to show proof of receiving one-dose of the Tdap and Meningitis vaccine (as of age 11). All **fifth grade students** must submit a copy of their updated physical and immunization record to the main office prior to receiving their sixth grade room assignment.

Summer Learning Program: Edgenuity- Pathblazers- Support student learning over the summer break using Twain’s on-line Pathblazer program by Edgenuity. This on-line program can be accessed by every Twain student from kindergarten through eighth grade. The program uses student assessment information from MAP tests to identify a learning path for each child in math and reading.

In order for the program to positively impact student learning and growth the following guidelines are recommended:

1. 60 minutes, per subject –Math/Reading, per week
2. 4 to 6 completed activities, per subject, per week
3. Minimum average score of 70% on completed activities in each subject
4. Students will complete all activities in a learning path (ex. Geometry, informational text etc.) before moving to the next learning path.
5. Students should work from the learning path with the lowest RIT range to the highest RIT range in each subject. (RIT range has to do with the scores the student achieved on the end of year NWEA/MAP assessment. The lower RIT range indicates an area the student needs additional practice.)

All students have accessed this program in school and are aware of their log in information.

THE NEW SCHOOL YEAR STARTS ON TUESDAY, SEPTEMBER 3, 2019

8:30 a.m. – 3:30 p.m. HAVE A WONDERFUL SUMMER!!!!
