

Incoming 1st Grade

Don't let your child go down the "Summer Slide" READ EVERY DAY!
Summer reading is key to maintaining and improving your child's reading skills.

Summer is a great break from school but not a great break from learning.

2 months of Reading skills are lost over the summer.

2.6 months of Math skills are lost over the summer.

2/3 hours per week during the summer is needed to prevent any learning loss.

6 weeks in Fall spent relearning old material to make up for summer learning loss.

By the end of Grade 6...students who have experienced summer learning loss over the years are an average of 2 years behind their peers.

Every day: Reading 20/30 minutes
Math 20 minutes

Complete all incomplete workbooks sent home from school
Use any incomplete notebooks as a summer writing journal

The Reading Process

Decoding words

***Sight words:** a the my that was see

***Blending words:** an Nan Dan man

Comprehension

Before Reading

Predict - What is the story going to be about?

During Reading

Confirm and adjust prediction

Monitor Comprehension - does it make sense?

Stop and Think - ask questions???

Visual the story - make a picture in your mind

Make Connections to story- what does it remind you of?

What was important? What was the main idea?

After Reading

What was the story about?

Who? What? Why? Where? When?

Blending Words
