

Resources for Parents and Students

Science:

Science Fair Buddies: This website offers over 1,000 different science fair topics and helpful advice on complete a successful project.

<http://www.sciencebuddies.org/>

Science News for Students: Science News is just that- news that focuses on science, but from a young person's point of view. Always full of current events and things important to young people, they offer a variety of news articles categorized by the many different fields of science.

<https://student.societyforscience.org/sciencenews-students>

Discovery Education Science Fair Central: This website offers step-by-step instructions on how to complete a great science fair project. It also offers 100's of science fair topics to choose from.

<http://school.discoveryeducation.com/sciencefaircentral/?pID=fair>

NASA (The National Aeronautics and Space Administration)- This is the homepage for NASA. The links for their missions can be found at the very top of the homepage under the title "MISSIONS". Lots of other information can be found here about outer space in general. There is also a kids club that you can join, or research scholarships for school.

<http://www.nasa.gov/>

Research:

Easy Bib Research: This is a website strictly for research. It works like a search engine, but is only for research topics. Easy Bib will also help with citation of references, making your reference list or bibliography a breeze.

Home Page- <http://research.easybib.com/>

APA Quick Guide, with examples- <http://content.easybib.com/citation-guides/apa-format/quick-guide/#.VFpjxh00WSo>

MLA Citation Guide, with blank fields- <http://www.easybib.com/apa-format/magazine-article-citation>
